Marc Morrone's Ask the Bird Keeper - Marc Morrone 2012-04-03

Made famous on The Martha Stewart Show on television and Sirius radio, Marc Morrone is front and center to answer his viewers' (and his readers') many questions about their favorite pets. In Ask the Bird Keeper, Marc's quirky, entertaining personality shines on every page as he spews out his wisdom, know-how, and hilarious anecdotes to answer dozens of questions. Divided into nine chapters, this book offers answers on hundreds of topics about feeding, housing, training, healthy, anatomy, and everyday care. In the "Food" chapter; from grit to grub; Marc discusses dietary changes, supplements, people food, and different kinds of diets. A chapter devoted to accommodations talks about various cage options, choosing the right size cage and equipment, and cleaning tips. Positive reinforcement underscores Marc's chapter "School," in which he lectures on bonding, hyperactive, noise issues, and challenging bird behaviors. As a self-taught bird keeper, Marc's chapter on "Health" is a true primer in what owners can and cannot do, from first aid tips and trimming (nails, beaks, feathers) to broken tails, parasites, parrot fever and bird flu. While Marc is often laugh-out-loud funny in all of the chapters, it is his genuine admiration and respect for his avian friends that make this book a unique resource for all pet lovers. Fill with real first-hand information and reliable tips, readers will be laughing and learning in equal measure! The book is beautifully designed and illustrated with color photographs as well as original artwork by Jason O'Malley.

Good to Be God - Tibor Fischer 2008-09-14

Using the credit card and identity of a handA-cuffs salesman, professional failure Tyndale Corbett arrives in Miami for a law-enforcement conference to discover the joys of luxury hotels and above all the delight of being someone else, someone successful. Feeling his previous lack of success might be due to insufficient ambition, Tyndale decides on a new money-making scheme. He will up the ante substantially, exponentially, and pretend to be someone really important and successful: God. His mission to convince the citizenry of Miami that he is, despite appearances, the Supreme Being results in him taking over the Church of the

Heavily Armed Christ. His duties there involve him in forming a private army, hiring call girls, trafficking coke, issuing death threats, beating off church-jackers and sorting out (as almightily as possible) various problems his parishioners are having with pets. All the while he is working on his grand project, the clincher miracle, dying and coming back to life...

F Power Mode Fitness - Mehrshad Dave 2016-12-26

F Power Mode Fitness Systematic workout Program for no doubt gives you the best results to achieving a fit body but challenging yourself with new exercises and workouts is a different discussion. When your body gets used to a specific workout program, it loses its effectiveness. For example if you do sit-ups every day in a month and increase the number of reps as days pass, not only it doesn't help your body to burn fats and build muscles, but it makes this exercise easy for your body and it loses its effectiveness. If you always get your body in to new challenges and learn more exercises, for sure, your body is going to be fit. In this book we challenge you and your body to new workouts and exercises. All of the body parts, legs, abs, and upper body... have been categorized in their own section and each section consists of steps. Each step is different from each other and is a challenge for you. From step 1 as you go forward you face new exercises and different levels of reps for each exercise which has been divided to 3 Modes: Minimum, Middle, and Maximum. Each step is a prerequisite for the next one. If you find a step hard, don't rush ahead to the next step. Just practice this one in your workout till you get comfortable with it and then go for the next step. Choose your Specific Body Type workout program that suits your body. Follow along with our workout program and know that if you are serious to be fit, you are in the right way. Remember, always challenge yourself. Sport and Recreation in Ancient Greece - Waldo E. Sweet 1987

Aimed at readers of all levels--from student to classics buff to serious scholars--this sourcebook looks at sport and recreation in ancient Greece through translated accounts of ancient Greek and Latin authors. It examines such diversions as the ancient Olympic Games, athletic clothing, women in sports, dining, dancing, and fishing. Sport and Recreation in Ancient Greece offers a wide range of topics geared to students' interests, new translations into readable English that facilitate their introduction to the subject, and a rich assortment of illustrations. The questions following each translation help students understand the passages, while the presentation of contradictory evidence challenges them to evaluate different points of view, both in the study of ancient culture and in their own daily lives. Successfully tested in college classrooms for a ten years, this book provides an excellent springboard for the study of ancient Greek history, classical literature, or sports history.

A Glimpse of Eternal Snows - Jane Wilson-Howarth 2013-02-05

Set against the backdrop of one of the most colorful countries in the world, A Glimpse of Eternal Snows is an inspiring story of courage, love and a family's determination to give their child the best life possible. In pulsating, polluted Kathmandu and an idyllic village on a river island at the foot of the Himalayas, 'Doctor Jane' and her engineer husband Simon hope to make a difference: Jane to fulfil her vision to heal and advocate for the poor, Simon to avert the floods that threaten to devastate the land every monsoon season. The Nepali people are accepting of whatever fate flings at them and here the family find sanity, compassion and joy with baby David, who in England was little more than an 'interesting case'. This is a tale of Himalayan highs and monsoon lows, of cultural complexities, unexpected wildlife and rugged terrain, of vivid color, superstition and spicy smells.

Grannies, Inc. Guide to Knitting - Katie Mowat 2012-10-25

When it comes to knitting, who knows better than our nan? If you get tangled in a ball of wool, she's always the first person you call to help you sort your cross stitch from your cable. While recruiting for her fledgling online knitwear company, Katie Mowat swiftly realised that it was mainly older women, namely grannies, who were volunteering their services, and so Grannies Inc. was born. Since 2009 they have gone from strength to strength, and from one product (beanies), they now design and produce a whole range of knitwear. Her crack squad of 15 grannies will be contributing their 'purls' of wisdom and patterns to help the new knitting generation in this attractive book. With knitting patterns for snoods, legwarmers, slouch socks, laptop cases and beanies, you'll be cool and cosy in no time. As the grannies say, 'May your bobbin always be full.'

Fundamental Constants - Boris M. Menin 2019-02-27

The book is devoted to one of the important areas of theoretical and experimental physics—the calculation of the accuracy of measurements of fundamental physical constants. To achieve this goal, numerous methods and criteria have been proposed. However, all of them are focused on identifying a posteriori uncertainty caused by the idealization of the model and its subsequent computerization in comparison with the physical system. This book focuses on formulating an a priori interaction between the level of a detailed description of a material object (the number of registered quantities) and the lowest uncertainty in measuring a physical constant. It contains the materials necessary for the optimal design of models describing a physical phenomenon. It will appeal to scientists and engineers, as well as university students.
