Knowing a single root can help you know a whole group of words! - Prefixes/Suffixes; Pay attention to the tone of the words, whether soft or hard, harsh or mild, negative or positive. This could help you guess when in doubt. Prefixes/Suffixes can often help you with identifying the meaning of a word, when in doubt. - Usage of the Word; Perhaps the Best way to increase your vocabulary is to read and practice. There is absolutely no substitute for that! Reading helps you learn new words from the context in which they are used, thereby making it easy to remember the new words and more importantly, how and when it is used. This book provides you with multiple examples of how a word is used in different contexts. With over 1000 practice exercises, you will get more than enough practice for the 11 plus! - Synonyms/Antonyms; Being familiar with related words, increases the number and variety of your mental associations. Finally, this book has over a thousand exercises to make sure that you remember the meanings of the newly learnt words 'forever'! Many ingenious methods, scientifically correct, have been devised to aid in the remembering of particular facts. IELTS Speaking 8.5 Master Plan. Master Speaking Strategies & Speaking Vocabulary for the Real Test, Including 100+ IELTS Speaking Activities - Marc Roche 2020-04-25

I believe in keeping things simple whenever possible, so I'm going to keep this introduction short, so you can focus on the important things. This master plan is simple. Follow it, and you will increase your speaking band score. In this book, you have the tools you need to increase your speaking score to 8.5 by improving your vocabulary, grammar and coherence. I have not included pronunciation guides in the book, as I know that pronunciation comes from hearing English, absorbing the sounds and then practising them. No book can provide this for you unfortunately, and any books that promise to do this are not telling you the truth. The IELTS speaking test is exactly the same for both IELTS Academic and for IELTS general. It lasts for 11 to 14 minutes and consists of three parts. Part one of the IELTS speaking test is basically an introduction for you as the candidate and for the examiner. It gives you both an opportunity to get comfortable and gives the examiner an initial general idea of your level of English. There's no need to feel nervous here. I know that it's very difficult not to feel a little bit nervous but try to think of this as a friendly informal chat with a friend or an acquaintance. The examiner wants you to succeed in the IELTS test, and if you can show your personality and feel relaxed enough to show the examiner your level of English you will succeed.
