General Studies for Civil Services Preliminary Examination Paper - II - Arun Sharma 2020

Our Constitution - Subhash C. Kashyap 1994

A commentary and study.

INDIAN POLITY - M.

Maxmikanth 2017-03-14

This is an unparalleled love story between Mr. Kanha Kumar (the best orator, best PhD student, best political leader, bestselling author in India) and Dr. Kana Gayyub (the best doctor, best journalist and most promising author in India). Love started in PANU Campus Hostel room. Love flourished in the demonetization bank queues. Would they be able to break the barrier of religion, politics and -cash crunch- and live happily ever after? Have you ever wondered, what happens, when a girl with low sex drive meets a guy with slight EDS problem and they fail to make

love even after repeated attempts. Author Cheatan Bhagaot's -Half Indian Girl- came to their rescue. They learned -how to arouse a dead snake-, by reading page 57 of the novel. They made best love of their life. In the process of making love, Kanha missed the opportunity to meet chief minister U-turn Khujliwal, who waited for one hour outside Kanha's hostel room. Chief Minister had come to forge an alliance between his Khaap party and communist party for upcoming election.

India Since Independence - Bipan Chandra 2008-02-11

A thorough and incisive introduction to contemporary India The story of the forging of India, the world's largest democracy, is a rich and inspiring one. This volume, a sequel to the best-selling India's Struggle for Independence, analyses the

challenges India has faced and the successes it has achieved, in the light of its colonial legacy and century-long struggle for freedom. The book describes how the Constitution was framed, as also how the Nehruvian political and economic agenda and basics of foreign policy were evolved and developed. It dwells on the consolidation of the nation, examining contentious issues like party politics in the Centre and the states, the Punjab problem, and anti-caste politics and untouchability. This revised edition offers a scathing analysis of the growth of communalism in India and the use of state power in furthering its cause. It also documents the fall of the National Democratic Alliance in the 2004 General Elections, the United Progressive Alliance's subsequent rise to power and the Indo-US Nuclear Deal that served to unravel the political consensus at the centre. Apart from detailed analyses of Indian economic reforms since 1991 and wide-ranging land reforms and the

Green Revolution, this new edition includes an overview of the Indian economy in the new millennium. These, along with objective assessments of Jawaharlal Nehru, Indira Gandhi, Jayaprakash Narayan, Lal Bahadur Shastri, Rajiv Gandhi, Vishwanath Pratap Singh, Atal Bihari Vajpayee and Manmohan Singh, constitute a remarkable overview of a nation on the move.

Cracking the CSAT Paper - 2 - 2020

The Pearson General Knowledge Manual 2015 - Edgar Thorpe

This book has been a best seller for more than a decade, currently in its 13th edition it is thoroughly updated and revised with current trend in competitive examinations across various domains. The contents are broadly divided into four sections World, Science, India and Current affairs. Each chapter contains more than 100 MCQs with answer keys. A key feature of this book is the 30 page colorful maps, provided with

fact files from authentic sources. The maps also include some added information on geography, population, and economy of the entire continent. Designed and developed for both classroom use and self learning, this updated edition is a must-buy for the aspirants who are planning to crack various competitive examinations.

Pax Indica - Shashi Tharoor
2013-06-15

In this lively, informative and insightful book, Shashi Tharoor brilliantly demonstrates how Indian diplomacy has come of age and forecasts where it will need to focus in the new millennium. He surveys India's major international relationships in detail, evokes the country's soft power and offers his thoughts on a new 'grand strategy' for the nation, arguing that India must move beyond non-alignment to multi-alignment. Stimulating, reflective, elegantly written and passionately engaged, Pax Indica is another substantial achievement from one of the finest Indian authors of our

Partition . On the one hand, it converses with students of Indian history and on the other, it engages general and curious readers. Few books on this crucial period of history have captured the rhythms of India s polyphonic nationalism as From Plassey to Partition.

CSAT Conceptual Approach to Paper II: - P. N.Roy Chowdhury
Conceptual Approach to CSAT (Paper II) endeavours to familiarize the student with CSAT, the new exam pattern introduced by the UPSC. It covers the all the topics in Paper II of the Civil Services Preliminary Examination in great detail, explains why these topics are now part of the examination, and offers insights from the author's practical experience of government functioning as an IAS officer.

India After Gandhi: The History of the World's Largest Democracy - Ramachandra Guha 2017-07-13
Ramachandra Guha's India after Gandhi is a magisterial account of the pains, struggles, humiliations and glories of the

world's largest and least likely democracy. A riveting chronicle of the often brutal conflicts that have rocked a giant nation, and of the extraordinary individuals and institutions who held it together, it established itself as a classic when it was first published in 2007. In the last decade, India has witnessed, among other things, two general elections; the fall of the Congress and the rise of Narendra Modi; a major anti-corruption movement; more violence against women, Dalits, and religious minorities; a wave of prosperity for some but the persistence of poverty for others; comparative peace in Nagaland but greater discontent in Kashmir than ever before. This tenth anniversary edition, updated and expanded, brings the narrative up to the present. Published to coincide with seventy years of the country's independence, this definitive history of modern India is the work of one of the world's finest scholars at the height of his powers.

14000 + Objective Questions - General Studies

- Manohar Pandey 2018-04-20
Arihant has come up with a revised edition of a compendium of over 14000 questions which will significantly improve the knowledge of aspiring students by providing them with ready and reliable practice material for General Studies. The book has been designed for the aspirants preparing for IAS (CSAT), State PCS, CDS, NDA and other competitive examinations. The revised edition of this question bank focuses on Indian History & Culture, India & World Geography (Env & Eco), Indian Polity, Indian Economy, General Science, Science & Technology, General Knowledge and Current Affairs. The book contains the collection of over 14000 questions covering General Studies. The History section covers ancient, medieval and modern history whereas the Geography section covers world geography, Indian geography and environment &

ecology. The General Science section covers Physics, Chemistry, Biology and Science & Technology. The questions covered in the book contain answers side by side to help aspirants evaluate themselves after attempting a certain number of questions. Also the questions asked in recent years' General Studies examinations have been provided in the book with authentic and detailed solutions to help aspirants get an insight into the recent examination pattern and the types of questions asked therein. Each chapter in the book contains a variety of questions according to the latest pattern Assertion-Reason, Matching, Multi-Statements, Arrangements, Pairing, etc. Also more than 500 questions based on Current Affairs have been provided in the book to give an additional advantage to the aspirants. As the book contains ample number of objective questions which have been designed for students of various competitive

examinations, it for sure will act as the best preparation material for general studies for UPSC (CSAT), State PCS, CDS, NDA, etc.

Geography Of India - Husain 2012

General Studies (paper - I) - J. K. Chopra 2011

Indian and World

Geography - Majid Husain 2020

Bharat Ka Prachin Itihas - Ram Sharan Sharma 2018-04-06

Beginning with a discussion on frameworks of writing history, the volume sheds light on the origins and growth of civilizations, empires, and religions. It covers the geographical, ecological, and linguistic backgrounds, and looks at specific cultures of the Neolithic, Chalcolithic, and Vedic periods, as well as the Harappan civilization. The author discussed the rise of Jainism and Buddhism, Magadha, and the beginning of territorial states. The period of Mauryas, Central Asian

countries, Satavahanas, Guptas, and Harshvardhana are also analysed. He highlights important phenomena such as the varna system, urbanization, commerce and trade, developments in science and philosophy, and cultural legacy. He also examines the process of transition from ancient to medieval India and addresses topical issues such as the origin of the Aryan culture. This engaging and lucid text, by one of the best-known scholars of ancient India, will be indispensable for students and teachers of ancient Indian history. This book is the Hindi translation of the English edition.

Fundamentals of Physical Geography - Majid Husain 2007

"Physical geography deals with the spatial and temporal characteristics and relationships of all phenomena within the physical environment of the earth. A systematic study of physical geography is of immense help in understanding the numerous

environmental challenges of the contemporary period. Earth is a place of great physical and cultural diversity, yet people know little about it. The book is aimed to explain the spatial dimensions of the earth's natural systems and their processes. The chapters of this thoroughly revised and updated third edition of the bestselling introductory reader have been organised in a logical sequence well suited to the curriculum of established physical geography courses. The text includes many special features that are intended to enhance and clarify students' understanding and mastery of the material. Throughout, the scientific ideas and processes are explained in a simple manner supported by a range of illustrative material including maps, diagrams and photographs. The book will be an essential resource for students and teachers, and for anyone wishes to acquire more knowledge about the physical aspects and the processes responsible for various orders of the earth."

Data Structures and Algorithms in Java - Michael T. Goodrich 2014-01-28

The design and analysis of efficient data structures has long been recognized as a key component of the Computer Science curriculum. Goodrich, Tomassia and Goldwasser's approach to this classic topic is based on the object-oriented paradigm as the framework of choice for the design of data structures. For each ADT presented in the text, the authors provide an associated Java interface. Concrete data

structures realizing the ADTs are provided as Java classes implementing the interfaces. The Java code implementing fundamental data structures in this book is organized in a single Java package, `net.datastructures`. This package forms a coherent library of data structures and algorithms in Java specifically designed for educational purposes in a way that is complimentary with the Java Collections Framework.
