Bad with Money - Gaby Dunn 2019-01-01

"Humorous and forthright...[Gaby] Dunn makes facing money issues seem not only palatable but possibly even fun....Dunn's book delivers."

—Publishers Weekly The beloved writer-comedian expands on her popular podcast with an engaging and empowering financial literacy book for Millennials and Gen Z. In the first episode of her "Bad With Money" podcast, Gaby Dunn asked patrons at a coffee shop two questions: First, what's your favorite sex position? Everyone was game to answer, even the barista. Then, she asked how much money was in their bank accounts. People were aghast. "That's a very personal question," they insisted. And therein lies the problem. Dunn argues that our inability to speak honestly about money is our #1 barrier to understanding it, leading us to feel alone, ashamed and anxious, which in turns makes us feel even more overwhelmed by it. In *Bad With Money*, she reveals the legitimate, systemic reasons behind our feeling of helplessness when it comes to personal finance, demystifying the many signposts on the road to getting our financial sh*t together, like how to choose an insurance plan or buy a car, sign up for a credit card or take out student loans. She speaks directly to her audience, offering advice on how to make that #freelancelife work for you, navigate money while you date, and budget without becoming a Nobel-winning economist overnight. Even a topic as notoriously dry as money becomes hilarious and engaging in the hands of Dunn, who weaves her own stories with the perspectives of various comedians, artists, students, and more, arguing that—even without selling our bodies to science or suffering the indignity of snobby thrift shop buyers—we can all start taking control of our financial futures.

My iPhone (Covers iPhone 7/7 Plus and other models running iOS 10) - Brad Miser 2016-11-09

iPhone Se for Seniors: The Complete Guide - Bill Stonehem 2016-06-01

Apple has always made headway in making the best devices with great features. The iPhone SE (Special Edition) is no different. The latest Apple phone was released at a press conference on March 21, 2016. The official release to the public was on March 31, 2016. It is the smallest phone in the iPhone line and can be seen as a skilful combination of the iPhone 5s and the iPhone 6s. This is a great combination creating a phone that is sleek and efficient. Many reviews have said that the new iPhone is a powerful and complete device in a small 4 inch package. The new iPhone has been designed with the features users have been accustomed to along with new upgrades for their clients. Some of the new features includes the increased storage capacity of 16GB or 64GB, new powerful display and improved camera for your pictures. The device can be used to make calls using the internet and has fingerprint features that can help to identify you and process transactions faster.

The iPhone Pocket Guide - Christopher Breen 2010-09-09

New Apple iPhone 4 users will want to start using their devices as soon as they get their hands on them, and *The iPhone Pocket Guide* shows them how. Trusted gadget teacher Christopher Breen reveals the quickest way to learn iPhone 4 features. Everything is covered including: Built-in Apps FaceTime video calling HD Video Recording --shoot, edit, and share all in HD 5 megapixel camera with LED flash and 5x digital zoom. Breen also covers the basics such as making calls and navigating through your music, TV shows, and movies. Along the way, Christopher Breen offers hints for making the most of the device's settings and troubleshooting advice for when the iPhone becomes uncooperative.

iPhone SE: The Complete Guide - Scott Casterson 2016-04-14

Apple Inc. has continued its trend for excellence with the release of its latest smartphone. The iPhone SE (Special Edition), along with the iOS 9.3 software were launched to the public by Tim cook via a company press conference on March 21, 2016. The new iPhone SE (Special Edition) is scheduled for pre-release purchase on March 24 and will go on sale by the 31st of March 2016. This new device has been dubbed the smallest in the current iPhone line; skillfully created through a combination of the design from the iPhone 5s and the internal makeup from the iPhone 6s. This collaboration has resulted in what many have purported to be a capable, sleek and efficient. Other reviews have lauded Apple Inc. for the creation of the complete device in such a small (4-inch) package. The new iPhone SE has been outfitted with a number of main stream Apple features but also boasts new upgrades guaranteed to be enjoyed by customers.

iPhone: The Missing Manual - David Pogue 2015-12-11

Annotation With the iOS 8.1 software and the new iPhone 6 and 6 Plus, Apple has taken its flagship products into new realms of power and beauty. The modern iPhone comes with everythingcamera, music player, Internet, flashlightexcept a printed manual. Fortunately, David Pogue is back with this expanded edition of his witty, full-color guide: the worlds most popular iPhone book. The iPhone 6 and 6 Plus. This book unearths all the secrets of the newest iPhones. Bigger screens, faster chips, astonishing cameras, WiFi calling, Apple Pay, crazy thin. The iOS 8.1 software. Older iPhone models gain predictive typing, iCloud Drive, Family Sharing, "Hey Siri," the Health app, and about 195 more new features. Its all here, in these pages. The apps. That catalog of 1.3 million add-on programs makes the iPhones phone features almost secondary. Now youll know how to find, exploit, and troubleshoot those apps. The iPhone may be the worlds coolest computer, but its still a computer, with all of a computers complexities. iPhone: The Missing Manual is a funny, gorgeously illustrated guide to the tips, shortcuts, and workarounds that will turn you, too, into an iPhone master.

iPhone Unlocked - David Pogue 2021-01-26

Make the most of your iPhone with this witty, authoritative, full-color guide to iOS 14. Apple has sold over 2.2 billion iPhones—but not one has come with a user guide. And with each annual update of iOS, Apple piles on more and more features; at this moment, the Settings app alone bristles with over 1,000 options. In iPhone Unlocked, the #1 bestselling iPhone author David Pogue offers a curated guide to the essential and useful features of the new iPhone 12 family—and all other models that can run the iOS 14 software. A former New York Times tech columnist and bestselling how-to author, no one is better equipped than Pogue to offer expert instruction to this complicated iPhone. With his trademark humor, crystal-clear prose, and 300 full-color illustrations, Pogue guides readers through everything in iOS 14: Home-screen widgets, the new

App Library, the all-new Translate app, the redesigned Search, FaceTime, and calling screens, and much more. Whether you're a new iPhone user or a seasoned veteran, iPhone Unlocked is a gorgeous, authoritative, all-in-one master class on all things iPhone.

iPhone: The Missing Manual - David Pogue 2010-08-24

With multitasking and more than a 100 other new features, iPhone 4.0 is a real treat, cooked up with Apple's traditional secret sauce of simplicity, intelligence, and whimsy. iPhone: The Missing Manual gives you a guided tour of everything the new iPhone has to offer, with lots of tips, tricks, and surprises. Learn how to make calls and play songs by voice control, take great photos, keep track of your schedule, and much more with complete step-by-step instructions and crystal-clear explanations by iPhone master David Pogue. Whether you have a brand-new iPhone, or want to update an earlier model with the iPhone 4.0 software, this beautiful full-color book is the best, most objective resource available. Use it as a phone -- learn the basics as well as time-saving tricks and tips for contact searching, texting, and more. Treat it as an iPod -- master the ins and outs of iTunes, and listen to music, upload and view photos, and fill the iPhone with TV shows and movies. Take the iPhone online -- make the most of your online experience to browse the Web, read and compose email, use social networks, or send photos and audio files. Go beyond the iPhone -- learn how to use the App Store, and how to multitask between your apps, organize them in folders, and read ebooks in iBooks. Unlock the full potential of your iPhone -- with the book that should have been in the box.

Taking Your iPhone to the Max - Erica Sadun 2008-03-11

Unleash your iPhone and take it to the limit using secret tips and techniques from gadget hacker Erica Sadun. Fast and fun to read, Taking Your iPhone to the Max details the best, and undocumented, tricks and offers an efficient and enjoyable introduction to the iPhone. It begins with iPhone basics and then uncovers the iPhone's hidden potential, detailing such topics as how to connect to a TV, get contract-free VOIP, and hack OS X so it will run applications on the iPhone. Taking Your iPhone to the Max even offers tips on where to get the best and cheapest iPhone accessories.

Using iPhone (covers iOS5 on iPhone 4 or 4s) - Jason Rich 2012-02-16

The Using series is not just a book, it is highly integrated with online video, podcasts, and additional bonus content that enables our authors to provide modern, best of class instruction to the beginning audience. Using books are designed to offer a solid and accessible introduction--both tutorial and reference--to a topic. The Using series is written in a succinct yet friendly manner and offers real-world advice and step by step tasks. Using the iPhone takes readers through all the necessary configurations to properly set up their iPhone such as to use multiple networks, send and receive email and text messages, sync to their iTunes, and more. Beyond basic configuration, Using the iPhone explains how to use the default applications that are part of the iPhone as well as how to find and install new apps from the App Store, how to purchase music, movies, and more through iTunes and sync them to the iPhone, and how to troubleshoot and maintain their iPhone. All along the way the reader is offered audio and video to illustrate more difficult or confusing tasks, or to add additional content to a topic.

iPad and iPhone Tips and Tricks - Jason R. Rich 2017-10-30

Easily Unlock the Power of Your iPad or iPhone Running iOS 11. Discover hundreds of tips and tricks you can use right away with your iPad Pro, iPad Air, iPad mini, or iPhone (including the iPhone 8, iPhone 8 Plus, or iPhone X), to maximize its functionality with the all-new iOS 11 operating system. Learn how to use your smartphone and/or tablet as a powerful communications, organization, and productivity tool, as well as a feature-packed entertainment device. Here's just a sampling of what the tips,

tricks, and strategies offered in this book will help you accomplish:

- Use the new Files app on your iPhone or iPad to manage cloud-based files
- Take, edit, and share professional-quality photos using the Camera and Photos apps
- Navigate around your mobile device using the redesigned Dock, App Switcher, and Control Center
- Multitask like a pro when using an iPad Pro, plus learn tricks for using the optional Apple Pencil and Smart Keyboard
- Discover how to use unique features of the iPhone X
- Make your web surfing, online shopping, or online banking activities more secure using the Safari web browser and/or Apple Pay
- Take full advantage of streaming, downloadable, or on-demand TV shows, movies, music, audiobooks, eBooks, podcasts, and other entertainment
- Use your iPhone or iPad to control "smart" devices in your home, like light bulbs, door locks, appliances, and/or the thermostat
- Easily navigate the world around you using the updated Maps app
- Access up-to-the-minute and highly personalized news and information via the News app
- Take full advantage of Siri, iCloud, and other Apple services
- Organize and manage your life using the iOS 11 editions of popular apps, including Contacts, Calendar, Notes, Music, TV, iBooks, Maps, and Reminders
- Effectively manage your emails and text messages using the Mail and Messages apps
- Find, download, and install the best apps

Provides information, tips, tricks, and troubleshooting for iPhone 4S, 5, 5C, 5S, 6, and 6 Plus using the iOS8 operating system.

The iPhone Book - Scott Kelby 2012-02-14

If you're looking for a book that focuses on just the most important, most useful, and most fun stuff about your iPhone 4S, iPhone 4, or iPhone 3GS--you've found it. There are basically two types of iPhone books out there: (1) The "tell-me-all-about-it" kind, which includes in-depth discussions on everything from wireless network protocols to advanced compression codes. (2) Then there's this book, which instead is a "show-me-how-to-do-it" book that skips all the confusing techno-jargon and just tells you, in plain, simple English, exactly how to use the iPhone features you want to use most. The iPhone Book is from Scott Kelby, the award-winning author of the smash bestseller, The iPod Book. Scott takes that same highly acclaimed, casual, straight-to-the-point concept and layout and brings it to learning Apple's amazing iPhone. Scott teams up once again with gadget guru and leading iPhone authority Terry White to put together a book that is an awful lot like the iPhone itself--simple to use and fun to learn. The book's layout is brilliant, with each page covering just one single topic, so finding the information you need is quick and easy, with a large full-color photo on each page so you can see exactly how it works. The first edition of this book was named Best Computer Book of 2007 and, since then, Scott and Terry have added even more tips and tricks, and made it even easier by focusing on just the most useful and most requested iPhone 4S, 4, and 3GS features (without all the techno-babble), so you can start really using your iPhone today!
